

# Thank You Roger

Thank You for completing your Mighty Hike 2026. Your generosity helped raise a fabulous £4027 to support people living with cancer. You've smashed through your £10k milestone!!

**Cancer is not going anywhere. And neither are we. Macmillan is needed now more than ever.**

There are almost 3.5 million people living with cancer in the UK today, and more than 360,000 are diagnosed every year. Thanks to our fundraisers, donors, volunteers and supporters like you, we're able to provide essential services, care and guidance to people affected by cancer.

## Here are just a few examples of the impact your support could have...

**£4027** could fund a Macmillan Nurse for **98 hours**, helping people living with cancer and their families receive essential medical, practical and emotional support.

"My Macmillan Nurse was amazing and had answers about my aftercare. Macmillan fill those massive gaps when you're given the bombshell news. They make you feel you can ask away and if they don't have the answers, they will find out for you." - Louise

**£4027** could help us staff an Information and Support Centre for **106 hours** helping people get the right financial advice, work advice, and benefits they deserve.

"I didn't realise there was so much support there. It's such a safe space, you can talk to people who have gone through similar things. It really helped to talk to other people. Everything changed when I started going into the Macmillan centre." - Cathy

**£4027** could provide **175** sessions of emotional support to a person living with cancer through a Macmillan Buddy.

"Macmillan is a real lifeline to me. It dramatically changed how I felt when I was going through a difficult time and when I was very isolated. The support was transformative for my mental health." - Joe
